CARNIVAL TIME IN PERTH

Some 450 people will be arriving in Perth on December 25 to compete in the 52nd Australian Maccabi Sports Carnival. Despite previous reports of non-attendance we have confirmation from many top grade competitors that they will definitely be competing in Perth. This means that there will be good and strong competition which will make for exciting viewing.

The Perth community has once again opened their hearts and homes and despite the fact that many people have gone away for the holidays, 160 people will be staying in private homes. The rest of our visitors have chosen to stay at various of Perth's many Hotels.

Carnival time in Perth is action time for young and old, with many activities from which to choose. From the time that the teams arrive till the time they depart on January 6th the carnival programme offers maximum enjoyment and participation for those involved in a sport or those wishing merely to watch.

The opening ceremony promises to be a Gala occasion and all the community has been invited to attend . . . 7.00 p.m. at the Maccabi grounds December 25th.

The Carnival Welcome is to be held at 8.00 p.m. at the Jewish Centre immediately after the opening ceremony. This is the first ticket function and those without season tickets will have to pay an entry fee of \$5.00. The carnival manager Mr David Saunders wishes to invite the presidents of all Jewish organisations in Perth to attend the Carnival Welcome as the guests of the manager and his committee.

SOCIALLY . . . Perth has got a reputation, in this case a very good one, one which will be enhanced by the activities arranged for this carnival. There is a superb balance of organised functions with ample time for, what are now quite famous, spontaneous carnival parties. Time has also been allowed for the visitors to get to see and enjoy some of Perth and it's environs.

New Years Eve at the Centre. The Jewish centre will be open all night and this year the carnival executive will not be having a separate function for themselves but will be in attendance at the centre. The night promises to be a lot of fun, come along and enjoy. It is only your support that will give us the numbers to help create a great atmosphere.

SECURITY . . . As always this is a subject which cannot be ignored. The Carnival security officer Mr Hymie Miller has been

in close contact with both the Commonwealth and State police. Together they have set up procedures to ensure everyone's safety. How can you help? . . . Very easily. Please ensure that you park your cars in areas so designated. Do not try and park right outside the front door. Do not congregate around entrances or exits. When a function is over disperse as quickly as you can.

Highlights to watch for!

Mens basketball final, this always proves to be a very exciting night irrespective of who is playing. Supporters who have attended this night in the past have always claimed it is one they would not have wanted to miss.

Physical Culture . . . Who can deny the excitement and pride when the ladies march out in their new costumes ready to give their best. The costumes, their design and colour, have been kept secret so that the impact of this the first sighting is always strong with many a OOH and an AHH coming from the stands.

Don't miss the Carnival Display to be conducted by the Maccabiah Display team 23rd December.

Venues have been selected so that there will be the minimum distance to travel between sports.

The Maccabi grounds and Jewish Centre will hold Chess, debating, cricket, soccer and tennis and offers facilities without equal in this state.

Mirrabooka Bowl, Mirrabooka Squash World and the Herb Graham Recreation Centre are all within walking distance of each other and will cater for Tenpin, Squash, Netball, Volleyball and table tennis.

Swimming will be held at the Olympic Swimming stadium at Beaty Park.

Athletics will be held at the Perry Lakes athletics track. This is still the best athletics venue in Perth. Perry Lakes will also be home for mens Basketball. All games will be held at the Perry Lakes basketball stadium.

Close to the grounds in the middle of Mount Lawley is the Alexander Park Bowling club. This club has seen many top games of lawn bowls and the carnival teams this year will be playing some top games at this venue.

Golf. It is well known that the home of golf is St Andrews. Scotland is however a long way to go for a game of golf. Not so far is St Andrews Drive, Yanchep. This is the home of the Sun City Country Club. A club with a fast growing reputation for its picturesque course layout close to the sea.

The last issue of the Maccabean for 1984 will be on Friday the 21st of December. A special Carnival issue will appear on the 4th of January 1985.

Materials for this issue must be delivered to 98 Holmfirth St., Mt. Lawley by 12 noon on Sunday December 30.

The editor will be Dr. O. Tofler.

The paper will resume usual weekly publication for January 11th 1985.

HABO HOTLINE

(Complete Edition!
Joking of course!)

Chalo and goodbye. Today's edition of Habo Hotline is tinged with a note of sadness. This week marks the farewell of one of our very long standing members and sons, Tony Simenson, who is off to Israel for a year or so. Half his luck! To Tony from all of us — goodluck, nesiah tova and looking forward to seeing you soon.

This week also sees the passing of our favourite and most liked guest speaker, Andrew Hannastein, off to settle in the big smoke over at Sydney. To him, we again say good luck and there will always be a special seat for you at our Hanhalah whenever you return.

Getting down to business, it was plain to see that Vivi clearly hit his foot in the second innings and not the ball. Undoubtedly cheated of another century. But like Vivi, Habo is getting into gear. Our first reunion last Sunday was not really a dynamite meeting. But there was certainly plenty of spirit in those that made it there. This week the rest of you can make amends and all roll up for our community celebration for Chanukah. The times will be elsewhere in this publication, but what won't be is the news concerning the torch run. Yes its now definite that our ever energetic and full of running madrichim and chanichim will be conducting this memorable display of athletics and beauty, likened to both the xmas pageant and olympics.

What this all means, is we expect to see you all there this Sunday and don't forget to bring your family and friends. It promises to be a great night.

Finally, rumour has it that the Shoval brothers could one day repeat history made by the Chappells. That is all play for their country — Israel. Who knows, with his experience as shaliach, Chaki may even manage the side. (Hows your physiotherapy Bilah?).

AFFORESTATION IN ISRAEL

The Jewish National Fund is the sole Land Reclamation and Afforestation Authority of the State of Israel, and the "greening of Israel" has been one of the prime goals of the Jewish National Fund since its establishment at the turn of the century.

The results of 80 years of reforestation are impressive. Proud forests now stand where once there was bare rock and sand. The coolness of a pine grove shelters hikers from the blazing sun. Israel is becoming a wooded land once again. So dramatic has been the change, that the expression "The Green Line" has crept into the vocabulary. As one flies into Israel from the East, the desert is suddenly bisected by the greenness marking the border. This is "The Green Line". In total over 160 million trees have been planted by the J.N.F. since its creation.

In addition to planting trees, the J.N.F. invests substantial resources and energy in irrigating, cutting, pruning and thinning out its veteran forests. Each year, forest maintenance is provided for some 2.5 million trees. The national afforestation master plan projects the addition of 125,000 acres of J.N.F. forests by the year 200. This will bring the total afforested area from 266,000 acres to nearly 400,000 acres, and will involve the planting of 5 million trees each year.

J.N.F. forests protect the land and preserve its natural beauty. In recent years they have also served another function: increasing numbers of Israelis use them as venues for rest and relaxation. To date some 300 playgrounds, picnic areas and campsites have been established, as well as 20 active recreation areas — each equipped with physical fitness facilities.

ZIONIST MOVEMENT AND MACCABI WANT CLOSER TIES

Talks took place in Melbourne last week between representatives of the Zionist Federation of Australia and the Australian Maccabi Federation, aimed at developing closer links between the two Federal bodies.

The meeting, which examined the feasibility of the organisations establishing joint educational and cultural projects and other co-operative undertakings, was scheduled to coincide with the visit to Melbourne of Maccabi World Union Representative, Ze'ev Anolik, who is currently touring Australia.

A communal reception for Mr Anolik, who is the Director of the English Speaking and European Department of World Maccabi, was held last Tuesday under the joint auspices of the State Zionist Council of Victoria, the Zionist Federation of Australia, and the Australian Maccabi Movement.

Apart from conferring with local communal groups, Mr Anolik is here to promote next year's 12th International Maccabiah beginning in Israel in mid-July. He is also to be the guest of the Australian Maccabi Federation during the 52nd National Maccabi Sports Carnival which gets underway in Perth later this month.

ZIONIST FEDERATION CONGRATULATES PRIME MINISTER

The President of the Zionist Federation of Australia, Mr Mark Leibler, has written to Prime Minister Bob Hawke, offering his congratulations following the re-election of the Labor Government.

In his letter, Mr Leibler observed that the continuity of the Prime Minister's personal support and commitment to Israel was keenly felt and greatly appreciated by all those associated with the Zionist Movement in this country who saw it as a true measure and reflection of Mr Hawke's compassion and integrity.

However, he also noted that in relation to matters of policy, differences of approach had occasionally arisen in the past between the Government and the Federation.

Concluding on an optimistic note, Mr Leibler went on to state that: "I remain confident that any Government over which you preside will maintain as a priority the safeguarding and survival of the Jewish State, while continuing to use its good offices to bring about a just and lasting peace to all the Nations and Peoples of the Middle East."

SERMONETTE ON HANUKAH

by Rabbi Dr Shalom Coleman

The Festival of Chanukah is one which is exciting for young and old alike. As we all look upon the Menorah and the candles burning we see many images, not least the historic memories of our people throughout time. Today the Menora and the candles shine forth as a glorious message to inspire our people Israel with the courage of the Maccabees, and the importance of cleansing our hearts as we cleansed the Temple, and to work for Kiddush Hashem, for the State of Israel, and for our own communal life, with the same vigour of sincerity and devotion as the Maccabees of old. Above all we must understand that our Festival has no connection with the Seasonal festivities of our neighbours of the other faiths. It is in fact purely coincidental that the 25th day of Kislev is often misinterpreted because of the 25th day of December. Our calendars are different and the source of history of Chanukah antedates the origin of the Season for our neighbours. However, while the celebrations are for differing historical circumstances, let us wish one another a peaceful, healthy and prosperous New Year 1985. Let there be peace among the nations, an end to all terrorist activities, and relief with plenty for all the starved areas and peoples of the world.

ON THE SIDELINES

At the not-so-recent State bye-election one keen observer noted that some voters obtained both satisfaction **and** cash back.

At the recent Australian elections a Jewish Voter applied in person at a Government office for a postal vote. "Why do you want a postal vote?" "Because I'm Jewish", answered the voter.

"Yes", replied the public servant, "I suppose it could be a blessing in disguise". What did she mean by this remark?

A reliable source estimates that about 300 competitors for the Maccabi Carnival will be staying in hotels. Does this mean that we are not able to billet the sportsmen and women or do competitors prefer to stay in hotels these days?

BUSSELTON CAMP — CARMEL SCHOOL:

GRADE 5 AND 6

I thought camp was fun. Every day we went somewhere. On Monday we went to "The Old Mill". We saw the blacksmith and he made a chain. It was very interesting to watch him. Then we saw the woodturner he made a toothpick holder and put varnish on it. Then we saw the Seymour Cottages. Their roofs were so low. We saw much more. It was an exciting day.

Penny Crewe

Camp for me was a new experience, a good new experience I might add. The main thing I liked was no school for five days. There was a nice feeling with all your friends around you. The dormitories were very good. I slept on a top bunk. The food was especially delicious thanks to the time and effort of Mrs Cohen, Mrs Lenny and Mrs King. I liked the nights the best because when we were supposed to go to sleep the kids in my dormitory (including me) would laugh and talk. One morning we had Phys. Ed. at 5.00 o'clock a.m. I enjoyed this new experience and look forward to the next camp.

Jeremy Rosenthal

The School Camp was exciting. The food was nice. The cooks did a good job. The cooks were Mrs Cohen, Mrs Lenny and Mrs King. Mr Badge drove the bus. Mr Levin woke us up at 6.45 every morning. Mr Lerner took us on runs with Mrs Champion. Mrs Olsson had the bank.

Ashley Konning

I've never been to a camp before but I am glad I went. Every evening we did something different. We went to caves and other places like the Wildlife Park. The food was superb, I wonder why!

Faye Shuster

The Years 5 & 6 camp down in Busselton at the 4 Square Youth Camp was a successful camp. (Apart from getting up at 7.00 each morning and going for a run and swim). We boarded the old bomb of a school bus and drove for 4½ hours till we arrived at the campsite. The food was good apart from a few things I won't mention. The teachers were grumpy in the mornings but improved as the day went on. We toured the Canal Rock, Old Mill, Yallingup Caves and the Bannamah Wildlife Park. We went to swim at Eagle Bay, after having lunch at Margaret River. One night we watched the film "The Cannonball Run" and on the last night after playing Charades under the supervision of Mr Lerner we had a BONFIRE! All in all it was a fun camp and I enjoyed it.

Recently years 5 and 6 went to School Camp. Mr Levin, Mr Lerner, Mr Badge, Mrs Champion, Mrs Olsson were the assisting teachers. Mrs Cohen, Mrs King and Mrs Lenny came to cook our wonderful meals. We all had a wonderful time. For excursions we went to Sugar Loaf Rock, Yallingup Caves, Jewel Caves, Banamah Wildlife Park, The Old Mill, Meelup, The Jetty and Mammoth Caves. We had two hours of free time every day to do our diary or go swimming. Every morning at 7.00 a.m. we went swimming and running until 7.30 a.m. We had very good meals. On Thursday we went for a beach walk to collect items for Science. We had indoor games. We also had a shop which we could buy chocolate. Then on Friday we packed up and tidied up. Then we came back to school and went home. It was a good camp and very enjoyable.

Elana Jacobs

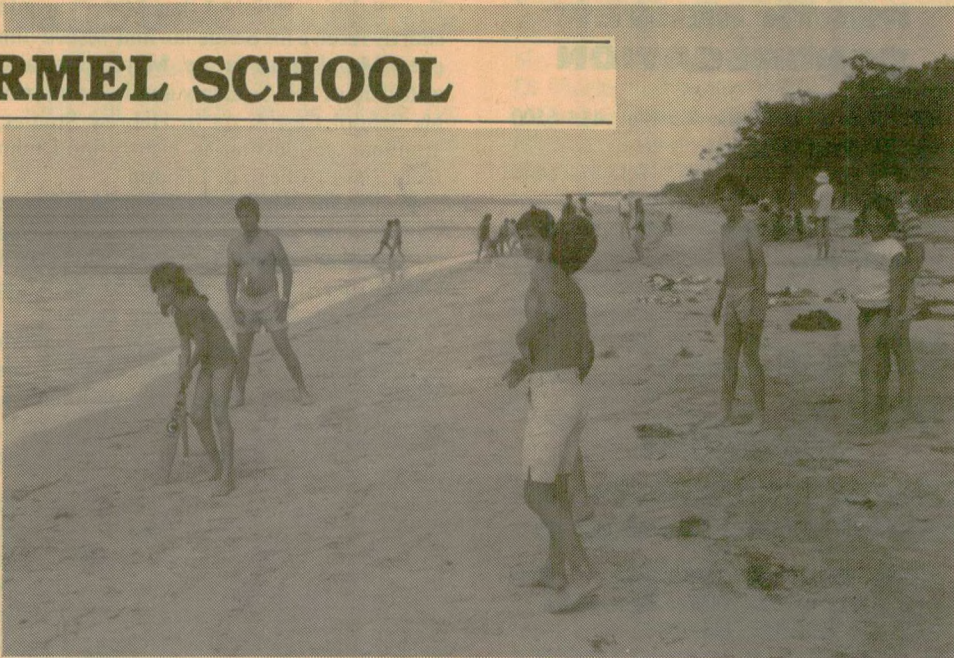

On Sunday the 18th November years 5 and 6 went to 4 Square Youth Camp in Busselton. We arrived and got sleeping quarters. For breakfast we got a variety of choices. We could have cereals, toast, eggs and baked beans. For lunch we had sandwiches and for dinner we had sausages, salmon patties, chicken and fish. We went to many places such as Mammal Caves, Yallingup Caves, Margaret River, Bannamah Wildlife Park, The Old Mill and many more. Generally the excursions were of great interest and we learnt a lot. At night we did many things including Indoor Games, watching a film, had lessons, a quiz and on Thursday night we had a bonfire. Generally the camp was a great success and very interesting.

Doovie Cohen

I thought that the Year 5 and 6 camp was a wonderful experience and we all discovered a great deal about many things. The food was excellent and we all enjoyed it. We visited caves, beaches, natural formations and many other sites. There were class lessons every day and a thrilling night activity. There was supper every night after the evening programme and we were in bed by ten o'clock. We had a Camp Contract to complete which included a diary, a short Science Assignment and a Comprehension. I thought we all benefited by this Busselton Camp and I hope we all go back there.

David is the Youth Minister of the Perth Hebrew Congregation, and Rabbi, said, he was the first student of the W.A. Jewish Academy which started ten years ago when the new Shul was opened. Rabbi wished the couple and their parents Mazeltov and every good wish for their future happiness and Nachas to the parents. Rabbi also welcomed Mrs Edna Luber-Smith, a great Aunt of David, who was in Shul especially for the occasion, after having been hospitalised for a considerable time, but who was now well on the way to recovery. Rabbi paid tribute to both Edna and her sister Florence Luber who had presented the synagogue with the beautiful red Parochet which was in evidence. Also, Rabbi welcomed Marcus Solomon a younger brother of the groom, who came from the Lubavitch Yeshiva in New York to share in the celebration, and invited him to occupy the pulpit as a mark of honour to David and

Eva. Rabbi mentioned that Marcus would shortly receive his Semichah and wished him every Mazel in his future. Marcus was also a student of the Academy and had obtained his School Certificate in Hebrew Studies, grammar, commentaries, history and Dinim from Jews College in London.

Synagogue Service Participation. David Lange led the Yigdal on Friday Evening, and on Shabbat David Berinson and David Cohen shared the Anim and led the Adon Olam. It was Shabbat for the Davids.

Sympathy. The Congregation extends sincere sympathy to the family of the late Harold Sofer and wishes them all long life. Mr Sofer was a quiet and gentle person, widely respected among all sections of the Community.

Bnot Hayil Ceremony. The Batmitzvah girls who received certificates this year were Shohan Benjamin, Katie Gild, Madelane Graber, Amanda Gunzberg, Debbie Saunders, Vivienne Stanton, and Kim Besser. Both Shohan and Vivienne received distinction, which is more than 80%. These girls, formed one of the best classes the Rabbi has had. Their projects on display were of a very high standard and Rabbi congratulated them. Dux of the 1984 class, which was the highest overall mark, was Shohan Benjamin, and she received a book from Rabbi. All the girls looked delightful and each recited their parts and summaries of their projects to the admiration of a capacity congregation. Thanks to Monty Rosenthal who played the organ as the girls entered the Synagogue. On behalf of the congregation Rabbi also presented the girls with white leather bound Siddurim, a copy of his booklet entitled "What is a Jewish Home" and certificates from the JNF.

Presentations to Marriage Couples. On this occasion a delightful kiddush was held for David Solomon and Eva Freeman at the conclusion of the service on Shabbat, when Rabbi proposed the health of the couple, and the President Ron Cohen delegated his wife Valda to present the Challah cloth and Rabbi's booklet on "What is a Jewish Home" to the couple in the absence of the president of the Ladies Auxiliary. Rabbi explained that this form of presentation is an improvement on the form now desired, but was still in its experimental stage. Marcus recited the Berachah Acharonah.

Beth Din Kashrut Announcement. From Monday 17th December, "MIKE'S PITTA BREAD" which is the authentic Israel Pitta, baked by an Israeli who is a new arrival in Perth Michael Lenga, is available kosher at 22 Plain Street, opposite the Merlin Hotel. At 25 cents each, orders may be made by telephoning for delivery after hours on 275 1387 and during business hours on 325 2295.

M.D.A. Rabbi appealed to the entire Jewish community to purchase the tickets for a film show arranged by the Magen David Adom. Israel requires all the help the Jewish people can muster, particularly at this time of heavy inflation, and the occupation in the South of Lebanon where there were still many casualties. The donation of five dollars was a very meagre sum, whether people will

go to the show or not. The important thing to remember is that the MDA obtains its funds only from the membership, the diary, which was one of the most useful of all those presently published, and does not hold an appeal. Perth Jewry along with all others in this country must surely make this small donation and help Israel's para-health services and ambulance units.

Public Relations. Rabbi attended a luncheon last week for all the heads of clergy and other representatives of religions tendered by the Leader of the Opposition the Hon. Bill Hassel MLA and members of his Shadow Cabinet. Rabbi furthermore addressed all the heads of department, clinicians and nursing staff of the Dental Hospital with a message for the Season and New Year.

Greetings. Rabbi takes this opportunity of wishing all faiths and colleagues of all denominations a New Year of peace, goodwill, and prosperity for all Australia.

Hebrew School Registrations. Registrations for all candidates for Barmitzvah and Bnot Hayil classes takes place on the first day after the new term 1985 begins, and the first Tuesday after the Term starts for the girls at 6.45 pm. All classes are now in recess.

Perth Hebrew School. Part time and extended classes both at the Shule and at Noranda will be offered for 1985 for Jewish children (from 2 to 13 years) regardless of day school attendance. Extended classes offer challenge or practice in Hebrew studies on an individual basis. Adult education will also be available for those who wish to keep pace with their children's Jewish learning. Details and enrolment forms are obtained from the Synagogue Office between 9 a.m. and 2.30 p.m. Phone 271 0539.

Intensive Jewish Studies Course. Those over the age of 16 interested in trying the taste of intensive Jewish learning suited to their level are invited to join the Jewish Community Programme to be held in Melbourne for one week at the end of January. Live in accommodation is available at Heshivah Gedolah and Ochel Chana Women's College. Enquiries may be made regarding subsidies to offset costs. Please phone 272 3030 for details.

FROM THE RABBI

There are times when I think that I must be a singularly perverse individual. I have this silly habit of looking for meaning and value where there is apparently none to be found. My latest foray into the realms of futility was inspired by the Point Peron women's camp.

I have no intention of addressing the issues of peace and disarmament at the moment, even though they were the ostensible grounds for the camp's existence. They are simply too important to be given the cavalier treatment that a column of this size would demand. I am rather more intrigued by the fact that this was a "women's" camp — a place where men clearly were not welcome.

Judiasm in the Twentieth Century has had to confront the issue of sexism, just like the rest of society, and to a greater or lesser degree adjustments have been forthcoming. That our tradition recognized differences between men and women is not at issue. That this recognition became entrenched in a way that disadvantaged women and advantaged men is at issue.

When revolutionaries overthrow one dictatorship, only to replace it with another dictatorship, you have to ask if they are any better off. Similarly, if the answer to male domination of society is seen as the introduction of female domination, then is the society that is being produced a **better** one? Or is it just a variation on the same theme?

Progressive Judaism recognizes that our tradition is in part a production of those same forces that shape the society at large. That does not mean that every "trendy" issue must be incorporated into Judaism. But it **does** mean that we must evaluate and confront those things that have moulded us in the past and which challenge us today.

We are challenged today by the question: If men and women are different, does that mean that one must be dominant? I believe that the answer must be "no". Being "anti-male" is as bad as being "anti-female". What we must be, as Jews and human beings, is "pro-people". And anyone who discriminates against people on the basis of gender is doing a grave disservice to we *b'nei adam*.

Temple David Kindergarten

Farewell to Mrs. Scholten

Mrs Jill Scholten will be leaving for Canberra to join her husband in his new appointment in January 1985, thus an era at Temple David Kindergarten. Jill the foundation teacher at the Kindergarten and it is largely due to her efforts that the centre changed from an 'almost completed building' to a well regarded, imaginatively run Kindergarten. Jill and her aide started in temporary quarters and then worked in league with a continual flow of workmen who were completing the building.

The Kindergarten Board are delighted with the way the staff and parents have happily become involved in their centre and contributed ideas, time, labour and money which has left Temple David with a Kindergarten of which we are very proud. We wish Jill all the best in her new State and thank her for her contribution to our Kindergarten.

The Kindergarten Board would also like to thank Mrs Audrey Greenaway and Mrs Beverley Quinn for the role they have played in assisting Mrs Scholten and their involvement and interest in the Kindergarten. We feel we have been very lucky with the people who have become part of Temple David Kindergarten and look forward to a future with similar such dedicated staff.

The camp this year was great. It was at the "Four Square" Youth Camp at Busselton. We went on many excursions. The good parts about the camp were that you dressed yourself without Mum having to tell you what to wear, but the best part was the food. Breakfast was cereal, baked beans, scrambled eggs, toast and Milo. The ladies who did the cooking were Mrs King, Mrs Cohen and Mrs Lenny. There was a shop which the ladies ran and it had lollies and drinks for very low prices. Overall camp was fun.

Avi Topelberg

On the 18th November Years 5 & 6 went to Busselton. In the morning we got up and had Physical Torture. It was fun. On Monday night we had indoor games, e.g. running games, balloon games and much more. On Tuesday we went on a number of tours with worksheets to do. That night we watched a film name of Cannonball Run. It was a good film except that every half-hour the film had to be changed. Every night at about 9.30 we had supper. On Wednesday we had a two-hour beach walk to collect six different items for Science. We saw lots of things including crabs, emonyes. Everything Mrs Olsson found was interesting so every time she bent down all the girls called out "I've got it". That night we had lessons (which unfortunately reminded me of boring school). On Thursday we went on a few more tours. That night Mr Lerner took us and we played Sharades, it was fun. After that we had a bomb fire (well it was meant to be). Mr Lerner told us a ghost story which I didn't think was true anyway. Camp was fun and I'm sure everyone had a good time.

M.D.A. GROUP II

The screening of the film "Genocide" was well attended last Sunday night, and once again M.D.A. II would like to thank the community for their support. Although one would never call it an enjoyable film, it was a documentary that M.D.A. felt should be seen by as many Jews and non-Jews as possible.

We would like to thank our many Christian friends who supported us and attended the screening.

1985 is almost upon us and M.D.A. II will be in recess until late January, but that hasn't stopped us planning new functions and events for the new year.

Early in February we will be holding a car rally and, as with all our functions, you can be sure there will be lots of surprises, ending at a secret destination, for a barbeque picnic.

Later in the month we will be having a poolside Devonshire tea at the Rosenthal's. Judging by the success of last year's tea, and the requests from people who attended, it seems that this will be an annual event.

Keep watching this column for further details.

In the meantime, we wish you all a safe and peaceful holiday break — a warm welcome to our Carnival visitors and good luck to our teams!

NATIONAL COUNCIL OF JEWISH WOMEN

As we close down for a well deserved break, we want to thank all our members and supporters for help given to us in 1984. We look forward to seeing you all again in 1985 but meanwhile, look after yourselves, and a happy holiday to those lucky people who are going away.

The N.C.J.W. Kiosk recently donated a VHS Recorder to Carmel School. Very little profit is made in the kiosk from the lunches we serve to the school children but what little is made is re-directed to the school in the form of prizes and various equipment that has been donated over the years.

PROGRESSIVE GROUP: All members of Progressive Group are invited to attend a "Get Together" at the home of Ann Thomas, 180 Laboucher Road, Como, on Tuesday, 22nd January at 12.00 noon. Please bring a 'plate' for lunch and a JOKE.

Thank you personally Judy for the help and loyalty you have always given me, I have always truly appreciated it.

Karen Graber has had a trying year and I would like to thank her for her wonderful culinary efforts and for working with sometimes difficult situations. To all the marvellous voluntary helpers, thank you for still working in the kitchen, and bringing to Wizo Kosher Catering its own brand of uniqueness. MACCABI CRICKET UNDER 12

The boys had an exciting game against Mt Lawley eventually winning on the first innings. After only scoring 81 in the first innings the Macs looked in trouble. However, a fine spell of bowling from Andrew Koman taking 4 wickets for 1 run off 6 overs spelled ruin for the opposition who collapsed for 50 runs. In a chase for quick runs Maccabi made 6/61 before declaring. In an exciting finish the opposition needed 2 runs from the last ball to win but a run out occurred giving a draw — but an exciting game of cricket. Well done boys.

In the inter-district game, Doovie Cohen came to the rescue to Mt Lawley with a valuable 22 not out to guide the team to its first win in the Invererity Shield.

BRIDGE NOTES

We at the Bridge Club cannot let the past year go by without mention of the sterling effort to keep the club functioning by our secretary, Luba Klein.

At the Annual General Meeting, we were unable to elect a President, and Luba has, to all intents and purposes carried out her duties as Secretary combined with those of President — which she has been without the title. Thank you Luba from us all.

MACCABI CRICKET CLUB

Grade 4 Team

It was a long afternoon chasing leather as Tuart Hill's strong batting line-up put together 281 runs. Maccabi's bowlers toiled manfully with spinners Darren Schwartz and Michael Zusman, and Peter Morris picking up the bulk of the wickets. Maccabi were 0 for 8 at the close of play.

Grade 6 Team

This was the Maccabi second teams most dominating day for many years. Howard Machlin hooked and swept four after four while Leon Levitt kept the run rate going with deftly placed singles and together they made an opening partnership of 153. Machlin 94 and Levitt 49 were both unfortunate to miss out on their deserved century and half century. Captain David Machlin and Greg Pynt then continued in the same vein, and then unleashed a run explosion hitting 70 runs in 35 minutes to allow a declaration at 2 for 270, with both batsmen in the fifties.

Hadley Missell, in his return game with Maccabi, completed Girrawheen's humiliation with 2 quick wickets, leaving them 2 for 4 and in danger of outright defeat next week.

Inscription at entrance to Yad Mordechi Israel

"In this place seek and look for what can be seen no more hear voices that can be heard no more understand — what is beyond all understanding."

Remembrances of a Child: by Renata Yesner.

My mother and granny were busy packing clothes into suitcases. I was looking after my sister who was 4 years old. There was a hive of activity and many people I had never seen before came into the house. A Lithuanian came with a horse and cart and he took our beds and suitcases and kitchen utensils in the wooden box. My sister was crying because my mother would not let her take her teddybear . . . we were told we could only take the bare essentials, so my mother decided to take all the best soft goods and valuables, we could not fit more onto the cart. We left all the furniture and my mother told her Lithuanian neighbours to take what they wanted, everybody was crying. Although I could not take any toys, I do wish I could have had my doll Beata, she was my favourite possession. I got her from grandpa on my 3rd birthday.

We all got onto the cart and after what seemed to me like a long ride, we arrived at the assembly place and were told which place to go to.

People were putting barbed wire around the area.

Friendship Club — hope you enjoyed the meeting this week. Details of the next meeting will be in next week's Maccabean.

Fete: This is the final reminder about the fete. It is not too late to bake us a cake, it is not too late to donate saleable goods, it is not too late to offer your help and MOST OF ALL, it is not too late to come along on Sunday 25th and support our stalls. Bring your friends for afternoon tea. We appeal to all our members to come along. If we can't rely on the support of our members then who can we rely on??? Obviously non members will also come along and will be more than welcome.

Something to Think about:

- 1) Today is a new day. You will get out of it just what you put into it!
- 2) Enthusiasm is infectious — so is the lack of it (especially at meetings)
- 3) Being as smart as a steel trap is just knowing the right moment to shut up.
- 4) The chains of habit are generally too small to be felt — until they are too strong to be broken.

"A Commitment to Life"

GENOCIDE

Readers will have seen the publicity, by Group II, on this film. Group II puts so much work, and that so excellently, into everything they do, that this column hesitates even in supporting their publicity lest it detracts from it!

However, we do urge, most strongly, the Community's support. Go to see the film, and, perhaps even more importantly, persuade those outside the Community to see it. After Israel's early success, there was a time when it was actually fashionable to be Jewish! It was, notwithstanding, obvious to most of us that the vast number of petrodollars poured into anti-Israel, anti-Zionist, and hence anti-Semitic indoctrination would mean that, in time, the propaganda war would turn against us; the world-wide resurgence of anti-Semitism justifies our omission.

We ourselves are so cognisant of the Holocaust that we tend to forget, or perhaps even not to realise, the disinterest, or often complete lack of knowledge, about it shown by otherwise educated and informed non-Jews.

It is necessary to talk to those outside the Community, and specially to those who, now adults, were children, or unborn, in the crucial period, to realise this. This, possibly, is one of our few remaining opportunities to bring home to our non-Jewish friends (and there are many) that THE HOLOCAUST REALLY DID TAKE PLACE.

The next Committee Meeting is on Sunday, December 2nd, at 6.30 p.m. at the home of Dr & Mrs B. Harris, 297 The Boulevard, City Beach. (Tel. 385 9181).

HABONIM HOTLINE

Chalo. Chave you met my beautiful dorta? Well, today is the 17th, and tomorrow already is the 18th. How about that!

Already most of the Amelim kids have been ringing their leaders to find out when Habo will be starting again. I know its hard to believe, but the truth is I'm lying. But that doesn't mean that everyone is glad to be away from Habo. In fact I feel that our Chanukah function cannot come quick enough. And when it does it will be over so quickly. If only the oil had lasted longer than 8 days. But we can't change the past. We can only learn from it. So, my advice this week is drop Yallop and put Shipperd in the test side. Just be sure he's not mistaken for a stump!

Back to Habo, our first function is nearing pretty quickly, which means Madrichim will be ringing you all up soon to remind you of the function and give you all the details.

This year, our summer camps which are happening in January, are going to be so good that already everyone is talking about the good times. I'm pleased to announce for the very first time in public that next year

not only will have all the memory's of camp, but, yes, but, we will be having our very own camp shirts. Habo was working a deal with Le-Cost but it fell through due to unfortunate circumstances. Besides, alligators aren't kosher. So it looks like ITS GOTTA BE BONDS! What ever the shirt, it will be a beauty and designed by our resident artist Sam section manager Samuels. Check out for details soon.

I had intended to add in a more serious section this week but due to bad light it will have to wait. So, stay keen, enjoy Rotto for all you fortunate ones (like myself) and looking forward to seeing you all soon. Hope all your exams were a breeze.

Don't worry, Habo Hotline will be here next week. Predictions — Shipperd for Yallop, Wood to open, Ritchie for Wessels, Vivi for P.M.

JNF IN ACTION

General Tamir Draws Full House

The Perth Jewish Community showed up in remarkable numbers to listen to General Yomtov Tamir, on Wednesday night the 14th November at the Jewish Centre, and Mrs Gild, the President of JNF in Perth welcomed them all with great pleasure.

General Tamir is Chief of Staff of the I.D.F. Northern Command which includes Southern Lebanon, and as such he is a recognised expert on security on both sides of the border. He is also faced with the problems which will result in the event of an Israel withdrawal from Lebanon.

General Tamir, together with Mrs Tamir, were invited by the JNF of Australia & New Zealand to break their journey home to Israel in Perth and give this community the benefit of the General's intimate knowledge of the situation in Southern Lebanon.

General Tamir outlined the various scenarios that may develop in the event of a withdrawal and also the situation in the Middle East with respect to the strengthening of the Syrian armed forces, the Iraq-Iran War and the security of the Galil considering the unfavourable demographic balance between Jews and Arabs in this critical area.

The General then turned to the subject of Mitzpim as a means of controlling Arab land encroachment and incidentally developing

the vacant and strategic hilltops of the Galil. This not only populates the Galil, but incidentally gives many hundreds of families a better alternative life style in a beautiful part of the country away from the pollution and overcrowding of Tel-Aviv and Haifa.

General Tamir went into some detail on the Galil Australia section of the re-development, illustrated by slides and expressed gratitude for the work of the JNF in providing an infrastructure for this vital area.

After some questions and answers, Prof. Max Walters moved a vote of thanks to General Tamir and assured him of the community's unswerving support for Israel.

The meeting ended around 9.30 p.m. and some of the crowd stayed on to talk to General Tamir at a personal level.

Brig-General Tamir's Visit To Carmel School

Brig-General Tamir addressed years 10-11 — the 15 and 16 year-olds at the Carmel High School. He spoke about the complicated situation in Lebanon the need to protect the Northern Border and to develop the Galilee. The girls and boys asked very pertinent questions, demonstrating a good understanding of current affairs.

The General was gratified with their attention and attitude, saying they were the best group of school students he had addressed.

The JNF thanks Mr Ramsay for his ever courteous co-operation in permitting important persons to speak to his students.

JNF COMMITTEE MEETING

The above meeting will be held in the JNF Office, Thursday, November 29th at 8.00 p.m. sharp.

Members, please make every effort to attend. This is our last meeting for 1984.

VISIT OF PREMIER TO MAURICE ZEFFERT HOME

Some weeks ago the Maurice Zeffert home was privileged by a visit from Brian Burke, his wife Sue and their two youngest children.

Matron L. Gibb showed them through the complex and Hope Rosenberg and Ros. Stynes explained the function of the Occupational Therapy and Physiotherapy Departments.

Mr Burke visited Mr Shulam Berinson and Mrs Fanny Silverman in their rooms. Mr Judah Sadique and Mr Roy Shilkin showed the Premier the Ark which Mr Burke said reminded him of his own catholic church.

Morning Tea was served in the lounge room and the Premier, his wife and children mixed freely and informally with the residents.

Many general topics were discussed but practical issues omitted.

Mrs Moriasis presented Mrs Burke with an apron made by the residents in the O.T. Department and Mr Burke issued an invitation for residents to be his guests at luncheon in Parliament House in the not too distant future.

To commemorate the visit Mr Burke asked Mr Dick Pilpel to allocate a leaf in his & his wife's name on the Tree of Life.

A selection of the late Rabbi L. Rubin Zacks books will be on sale at the Fete on Sunday at the Home.

FEAR SHOW TRIALS OF JEWS

Arrests, Searches Go On; Hunger Strike in Moscow

NEW YORK — In recent days, two more unofficial Jewish teachers in the Ukraine have been arrested, the homes of others in Moldavia searched, and rumours have spread of public show trials in Moscow and Odessa.

In addition, the Student Struggle for Society Jewry and Chicago Action for Society Jewry reported, 42 Moscow Jews who began a sympathy hunger strike have declared that they are "witness to prove" that none of those arrested in the latest KGB crackdown are guilty or want other than to emigrate to Israel.

According to the SSSJ and CASJ, 10 policemen leapt from cars on Oct. 16, twisted the arms of unofficial Jewish teacher Yakov Mesh of Odessa, then beat him before dragging him away from his job in a local theatre. He was accused of refusing to testify against fellow teacher Yakov Levin, jailed in August, and with resisting arrest. Although eight co-workers signed a statement that Mesh put up no fight, he was seen at the police station limping and with a black eye. The local prosecutor's office denied he had been beaten. Mesh's wife Marina wrote to the Prosecutor-General of the USSR demanding that her husband be hospitalized and the perpetrators of the attack be punished.

Levin was arrested a week before his slated wedding to fellow unofficial Jewish teacher Judith Nepomnischy, also of Odessa. Her 53 year-old father Mark was arrested on October 12 in Moscow, then transferred to Odessa. He is accused of "anti-Soviet slander".

The homes of activists Aron Munblit of Kishinev and Polina Green of Tiraspol were raided by police. They were told it was in connection with the case of Levin, also charged with "anti-Soviet slander," the SSSJ and CASJ said.

Rumours, evidently begun by the authorities, have spread in Odessa that "a Zionist group with connections to the West," and which has harmed the USSR, has been uncovered. The expected trial might be broadcast on Ukrainian or national television.

Another unconfirmed story spreading in Moscow is that unofficial Jewish teachers Alexander Kholmysansky and Yuli Edelstein, arrested in July and September, respectively, will be put in the dock together in a show trial. Kholmyansky is charged with harbouring a gun and bullets, and Edelstein with possessing drugs.

Kholmyansky has been on a protest fast in prison since Septemebr 14. According to the SSSJ and CASJ, on October 20 as the Sabbath ended, 42 Moscow Jews began a

sympathy hunger strike. In an open letter to the Central Committee of the Communist Party, the Prosecutor-General, and the Minister of Internal Affairs, the group declared that "Soviet authorities have developed a campaign of moral and physical annihilation against Jewish refuseniks who seek to repatriate to Israel.

"Kholmyansky, Edelstein, Levin, Mesh and Nepomnischy have been arrested. We are acting as witness to explain and prove that none of them perpetuated the "crimes" for which they are being incriminated and have never had any other aim than going to Israel.

"We demand:"

- 1 — "That the pistol, bullets and copies of prohibited books planted during the search of Kholmyansky's apartment be removed as evidence.
- 2 — "That the illegal detentions of Kholmyansky and Edelstein cease.
- 3 — "That Yakov Mesh be released and criminal proceedings be instituted against those people who are guilty of extermination.
- 4 — "The immediate intervention of the Prosecutor-General in the criminal cases against Yakov Levin and Mark Nepomnischy."

CARMEL SCHOOL

JEWISH STUDIES CAMP

On the 13th and 14th of November, Grades 1 and 2 headed off to Matilda Bay, on the Swan River, for a Jewish Studies Camp. The children were excited, the staff keen and well prepared and the weather was perfect, thanks to Hashem.

The theme of the camp was Chanukah and each of the teachers used the topic in their activities. The enthusiasm and vigour with which the children tackled their activities was a pleasure to watch and all credit must go to the teachers involved. To Mr Badge who gave us permission for the Gra desl.2.3.4 camps, even though he had to do a little juggling with teachers timetables and on occasions drive the bus for us. Thank you also for having the foresight to see that Jewish Studies camps at this level are definitely an advantage. But this is not new for him because he is always so very obliging even to the point of being a little embarrassing.

To 'Morah Hoddla' who also taught songs and dances for the Grades 3 & 4 camp, a big thank you. The way the children respond to her is beautiful to watch as is the gentleness with which she imparts a love of Judaism.

Mrs McDermid and Mrs Nidorf the Grade 1 & 2 teachers who have developed the children so very beautifully over the year which made them a delight to have at the camp. They have instigated so many extra activities with their class over the year its a wonder where they find time for their own lives. Thank you ladies for a wonderful effort.

Mr Lerner, without him a camp would not be the same. His drama sessions were fantastic — the children responded beautifully. The way he instills trusting, caring and sharing in his activities is just a reflection of the man. All this and his enthusiasm will be sorely missed by all next year, and especially me.

To Mrs Gild, a person who has assisted every teacher at the school at one time or another with art work. She gives of her time voluntarily and I am sure, at times, at the expense of her family. This time the children made a beautiful Channukiak and Oil Jar. Even when we have gone home after a hectic day at camp she is still busy in the art room putting finishing touches to the childrens work. A big than you, Mrs Gild, for showing the children how we can enjoy and learn our Jewish heritage through arts and crafts.

Finally to Mrs Singer who is always there to assist in all the things one needs to get, whether it be for camp or every day activities, without such a wonderful backstop nothing would get off the ground.

To all the staff from me and all the children thank you for 2 very memorable camps, full of all the good things our Torah offers.

Michael Levin.

OUR CAMP STORIES GRADES ONE AND TWO

GRADE ONE:

Tal Lahava

I went on a camp with Mr Levin and Morah Hoda and Mrs Gild and we had drama with Mr Lerner and we had all sorts of games. We also had groups then we collected shells and we had six swims and we had two days and the days were Tuesday and Wednesday. Now we had finished our camp.

Simone Mossenson

Years one and two had a camp at Crawley Bay. At the first day the very first thing we did was do drama an after we made an oil pot out of clay. After that we had morning tea and after that we had a swim and Mr Levin threw Mr Lerner in the water and he was dripping wet. And then we had lunch and after that we had a rest and after that we had another swim and then we buried Mr Levin and Mrs Nidorf threw an ice cream pie at Mr Levin. The next day we did drama again and then we made a Chanukia out of clay and after that we had morning tea and that's the end.

Justine Segall

We did a nature walk and I got a butterfly shell and I left it for craft. It looked pretty with different colours. And we did drama and someone had to get the oil.

Adi Pinn

We went to a camp and it was good fun and we covered Mr Levin in sand and then someone splashed a pie in his face and we saw it. We made oil pots and we went in the water. We made a Chanukia and we had groups and I was very very sad when we had to leave.

GRADE TWO:

Shaun Jackson

On Tuesday we went to camp. It was called Matilda Bay. When we arrived we saw this big house. We went into the house to be divided into six groups. After that we did a lot of drama. The best bit of the drama was the bit when we had to make someone into something. We had a swim after drama. After that we had some art. I got a good tan. At the end we played with sand. We were splashing the teachers. After that we went back to school.

Daniel Harris

The first day Grades one and two came to school as usual, but today was a different kind of day. It was a day camp. Our camp was held at Matilda Bay. Everyone who was going hopped on the bus. When we got down there we hopped off the bus and put our bags in the hall and put ourselves into groups. My group was called "Agala" which is a cart. We had really good fun. When we were down there we went swimming, did some drama, and we also did some art.

Simon Hatfield

This is the story of our day camp. On Tuesday we were allowed to wear what we wanted. Then we went to Matilda Bay. First we did some drama, but before that we got into groups. After drama we had some morning tea. Then we had a swim. We had lunch. Then we did art. For art we used clay. We went for a swim and Mr Levin made us keep coming out of the water to count us. Every time was the right amount of people we could go back into the water again. This is the story about the second day of the camp. We met at school in anything we wanted to wear on Wednesday. Then we hopped on the bus and went to Matilda Bay. When we got there, Mr Lerner took us for drama using some of the things that were used yesterday, it was called Chanuka drama. It was fun. We had morning tea. Then we had a swim. When we came out of the water we dried ourselves. Then we went back into the hall and did art again with clay. We had lunch. For lunch we had hot dogs. We had another swim. When we had finished our swim we had to have a five minute rest. Then the year sixes came with Mr Badge and all of us had a swim. Then Mr Badge and Mr Levin got the bus ready to go. When we got back to school we went home. I think that everyone enjoyed it because it was fun for me.

Rebecca Reuben

Year one and two went on a camp. It was called Matilda Bay. The first thing we did was a bit of drama. Then we collected some shells. We also went for a swim. We liked the swim. It was good fun. We were splashing each other. Mr Levin threw Mr Lerner in the river. Everybody laughed. After that we did some art. We made an oil pot. Then we got changed. We went for another swim. I got the salt water in my mouth.

3000 JEWS — AND ALL SILENT!

Just imagine . . . 3000 Jews sitting together in synagogue for more than six hours and the only sound coming from the assembly was when the community responses occurred during the service.

This was the experience I had recently at The Great Synagogue in Jerusalem on first day of Rosh Hashan. The service was audible throughout the entire synagogue. It is a massive building.

Of particular interest was the chazan and choir. They conducted the whole service in song, including the participation of young boys with choral accompaniment. The effect was to totally embrace the community present in the conduct of the service.

Monitors walked through the synagogue throughout the service, ensuring the peace be kept. There was no need. The chazan and other singers brought beauty, meaning and excellence to what may have easily degenerated into a first class balagan.

ZACHAR ZUNSHAIN

Zachar Zunshain was sentenced at the Lenin District Court of Riga on June 28 1984 to a three year period of imprisonment. He is a 33 year old Jewish maths and physics teacher in Riga Latvia SSR.

In 1981 he and his wife, Tatiana, applied for permission to emigrate to Israel. They have received continuous refusals without explanation. As a result Zunshain tried to appeal to high ranking authorities and entered into correspondence with the Ministry of Interior, the Procurator's office, the Presidium of the Supreme Soviet of the USSR and others, regarding the decision that had been made. He maintains that he has only done this for the realization of his legal rights to leave the USSR.

The appeals and complaints were considered by the procurator's office of the Latvian SSR to be slanderous fabrications.

Zachar was arrested on 5th March 1984 following a peaceful demonstration he and his wife staged with two other Riga refuseniks in Revolution Square Moscow, holding a placard asking that their Soviet citizenship be withdrawn.

On the 28th June, Zachar Zunshein was finally brought to trial, despite the fact there appears to be absolutely no evidence whatsoever to convict him. The material shown to him, was only the letters he wrote to the various Soviet Authorities.

Zunshain was given the maximum sentence of three years in a labour camp, and his reaction when the sentence was handed down was to sing the hatikvah.

IT IS IMPERATIVE THAT OUR ATTENTION TO THE CASE OF ZACHAR ZUNSHAIN IS MAINTAINED, AS IT REPRESENTS A THREAT TO ALL JEWS WHO SEEK TO EMIGRATE FROM THE SOVIET UNION, BECAUSE IT IS THE FIRST TIME THAT THE SOVIET AUTHORITIES HAVE PUNISHED A MAN WHOSE ONLY CRIME IS THAT HE SENT AN OFFICIAL DECLARATION REGARDING HIS DESIRE TO LEAVE THE COUNTRY.

BNEI AKIVA

Shalom, I hope that you have managed to survive a week without Bnei and are not suffering withdrawal symptoms. Is it true that Warren became so sick and depressed that he threw out his appendix in despair?

Warren, and the rest of you, don't despair! You madrichim are putting this short break to very good use, planning exciting programmes for the coming weeks and for summer camp.

Although Bnei may have paused for a few weeks, the longstanding soap opera with Abe and his family continues and I hope that you have all been following it keenly. Last week's episode saw the death of our great matriarch, Sarah, who was one hundred and twenty-seven. Shortly afterwards Avraham began to worry about his son, Yitzchak, and thought that it was about time he settled down (you mean my parents are not the only ones looking for a partner for me!). Well, the girls of Haroeh may be waiting by their telephones, but Abe wasn't about to sit and wait and he sent his trusted servant, Eliezar, to find a wife for Yitzchak.

Our own matriarch, whose Hebrew name is also Sarah, and who has worked tirelessly during the year, may not be a hundred and twentyseven (or is she?), but also needs a rest. However, don't worry, she'll be coming back for future episodes, so we wish Linda a Nsiah Tovah, as she goes on a short holiday.

In the meantime, if you have any queries about coming activities or about camp (either in Perth or interstate), ring Linda 444 7105, Shlomo 444 5680 or Zoe 272 3030.

State Council: There will be a State Council Meeting at the Jewish Centre on Monday December 10th at 9.30 a.m.

Wizo Sharon: All the ladies of Wizo Sharon are looking forward to resuming their Get Together Meetings soon. They have been unable to do this during the absence of Lily Adonis on holiday. Our senior group really rely on Lily to organise and transport them to the Centre for their regular meetings throughout the year. Most of the ladies are no longer capable of the more strenuous work done by the younger groups, but they still enjoy their Get Togethers and still play a vital part in Fundraising for Israel's Australian Wizo Projects.

Wizo Galil: Mazeltov and congratulations to our dear President Dora Topelberg and husband Ephraim who celebrated their Golden Wedding Anniversary with a party given them by their children for the benefit of Wizo and J.N.F. We wish them and their family many more years of health and happiness together.

The next luncheon Get Together of Wizo Galil will be held at the Jewish Centre on Monday, November 26 at 11.00 a.m.

MACCABI SENIOR CRICKET

6th Grade:

Maccabi 101 (D. Adonis 30, J. Singer 28, M. Louis 14, F. Faigenbaum 12)

South Perth 2/24 (F. Faigenbaum 2/17).

After being put into bat on a dull overcast day the Macs recovered from a perilous 4/7 to reach 101. The best performers were David Adonis with a well made 30 and Jeremy Singer with a lusty 28. Good hands were also contributed by newcomer Mark Louis in a fifth wicket partnership of 41 with Adonis, and Fred Faigenbaum in a 31 run eighth wicket partnership with Singer.

In 26 overs to stumps the South Perth batsmen stonewalled to score only 24 runs. The Maccabi bowlers were flattered by the batsmen's tactics with 18 of the 265 overs being maidens. Fred Faigenbaum was the only successful bowler.

The Macs will face a tough task to gain first innings points on an unhelpful Morris Mundy malthoid wicket.

UNDER 14

Maccabi v Maylands

Maccabi 232 (Dembo 82 Benjamin 41) and 3/36 defeated Maylands 132 (Zusman 3/27 Dembo 3/28 Gilbert 2/14)

Maccabi recorded a most convincing win against the top side Maylands by 100 runs on the first innings.

Maccabi's first innings total of 232 was their highest score of the season.

Batsmen to show out were Neil Dembo with a fine 82, Amos Benjamin a batsmen like 41, Steve Halperin 18, Andrew Field 17, Michael Zusman 16 and opener David Berinson a steady 14 runs.

Maylands were all out for 132 with all the bowlers doing well bowling a good steady line and length.

Special mention must be made of Gavin Gilbert's test like catch one handed at backward square.

Batting a second time Maccabi were 3/36 at stumps.

Congratulations to Neil Dembo who has been selected in the Mt. Lawley district u/14 side.

4TH GRADE

Maccabi v Nedlands at
Raphael Park, Victoria Park

Maccabi 5/254 (Zusman 77 not out Morris 56, Bell 54, Steinberg 41)

Maccabi won the toss and elected to bat on a wet synthetic turf wicket with light rain falling.

Darren Steinberg and Roger Bell gave Maccabi their best start of the season with an opening stand of 90 before Steinberg was given caught behind off his pads. His presence in the team is a great asset.

Peter Morris joined Bell but with the score at 119 Bell was spectacularly caught behind

for a well made 54.

Mike Zusman joined Morris and they took the score to 191 when Morris chasing quick runs was out for an entertaining 56 accepting the responsibility of batting at number 3. His innings was full of merit and shows the versatility of the side.

Grynberg and Malkin were both out chasing runs while Zusman remained not out 77.

Maccabi's total of 5/254 should enable the team to win and remain undefeated at the top of the premiership table.

Mike Zusman was judged player of the found in the last set of fixtures and won a pair of Adidas shoes.
